

DIRT GOOD FOR CHILDREN

A Chicago Judge Rebuked a Father Who Complained

The fact that her children are not always kept tidy cannot longer be a matter of reproach to a wife from her husband, according to Justice Hurley, who declared recently that the presence of Chicago dirt on a child is not a criminal offense.

"It is no crime to have dirty children," the court said when John McMahon included such a state of affairs in his domestic troubles. "In fact, it makes them healthier, for it is healthy for children to be dirty. But your children have always appeared clean when they have appeared in court with your wife."

Mrs. Margaret McMahon had her husband arrested on the charge of making threats to kill her, but when Justice Hurley said all he could do was to send the husband to the Bridewell for the offense she was unwilling he should be punished. The husband promised to leave within a week and the case was continued until August 2.

Arriving at a Verdict.

Kushequa, Pa., Aug. 1.—(Special)—In this section of Pennsylvania there is a growing belief that for such Kidney Diseases as Rheumatism and Lame Back there is only one sure cure and that is Dodd's Kidney Pills. This belief grows from such cases as that of Mrs. M. L. Davison of this place. She tells the story herself as follows:

"I have suffered from Rheumatism for thirty years and find that Dodd's Kidney Pills have done me more good than any medicine I have ever taken. I was also bothered with Lame Back and I can only say that my back hasn't bothered me since I took Dodd's Kidney Pills."

Considering that Mrs. Davison only took two boxes of Dodd's Kidney Pills, the result would be considered wonderful if it were not that others are reporting similar results daily. Kushequa is fast arriving at a verdict that "Dodd's Kidney Pills are the one sure cure for Rheumatism."

FOR YOUNG MEN

The Kind of Men the World Wants To-Day

How often do we read the advertisement: "Wanted—Good, reliable, sober and intelligent man." This is the kind of men the world wants, and the demand is great. In every line of endeavor these men are wanted. You never read an ad—Wanted. A man who gambles. Wanted—A man who drinks. Wanted—A man who has spent his youth in idleness and is ignorant, knows nothing of books or business. Our common sense will teach us that it is the reliable, sober, intelligent man that the business man is looking for. Every young man expects to succeed; none desire to make a failure. Then why will they follow in the footsteps of those who failed through these vices? This is the time to shun evil and avoid evil companions, for "birds of similar plumage flock together." The chances for knowledge were never so great as now, and knowledge is power. Men draw large salaries for what they know, and a diploma or certificate counts for little if the bearer cannot do what he claims when tried.

Another "Scientific" Discovery

Science has now made the important discovery that Adam was a woman and Eve was a man; that the female was made first and the male second; that he was made from her rib, not she from his. This sort of thing may bring on more talk.—Memphis Morning News.

Dog Travels 70 Miles to Old Home.

A remarkable instance of a dog's love of home is reported from Cromleigh, Dunblane, Perthshire. A collie dog was given to Mr. Hunter of Herriotshall, Berwickshire, by his brother-in-law, Mr. Gilholm of Cromleigh, and was sent by train to the borderland. The animal worked among the sheep for two days and then suddenly disappeared. It afterward turned up at its old home, having done the seventy mile journey in forty hours.—London Telegraph.

BUNCH TOGETHER

Coffee Has a Curious Way of Finally Attacking Some Organ.

Alls that come from coffee are cumulative, that is, unless the coffee is taken away new troubles are continually appearing and the old ones get worse.

"To begin with," says a Kansan, "I was a slave to coffee just as thousands of others to-day; thought I could not live without drinking strong coffee every morning for breakfast and I had sick headaches that kept me in bed several days every month. Could hardly keep my food on my stomach but would vomit as long as I could throw anything up and when I could get hot coffee to stay on my stomach I thought I was better."

"Well, two years ago this spring I was that sick with rheumatism I could not use my right arm to do anything, had heart trouble, was nervous. My nerves were all unstrung and my finger nails and tips were blue as if I had a chill all the time and my face and hands yellow as a pumpkin. My doctor said it was heart disease and rheumatism and my neighbors said I had Bright's disease and was going to die."

"Well, I did not know what on earth was the matter and every morning would drag myself out of bed and go to breakfast, not to eat anything, but to force down some more coffee. Then in a little while I would be so nervous, my heart would beat like everything."

"Finally one morning I told my husband I believed coffee was the cause of this trouble and that I thought I would try Postum which I had seen advertised. He said 'All right' so we got Postum and although I did not like it at first I got right down to business and made it according to directions, then it was fine and the whole family got to using it and I tell you it has worked wonders for me. Thanks to Postum in place of the poison, coffee, I now enjoy good health, have not been in bed with sick headache for two years although I had it for 30 years before I began Postum and my nerves are now strong and I have no trouble from my heart or from the rheumatism."

"I consider Postum a necessary article of food on my table. My friends who come here and taste my Postum say it is delicious." Name given by Postum Co., Battle Creek, Mich.

Miss Nellie Holmes, treasurer of the Young Woman's Temperance Association of Buffalo, N.Y., strongly advises all suffering women to rely, as she did, upon Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Your medicine is indeed an ideal woman's medicine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back ached, I had bearing-down pains and frequent headaches. I would often wake from restful sleep, and in such pain that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians, hoping to get relief but finding that their medicine did not seem to cure me. I tried your Vegetable Compound on the recommendation of a friend from the East who was visiting me."

"I am glad that I followed her advice, for every ache and pain is gone, and not only this, but my general health is much improved. I have a fine appetite and have gained in flesh. My earnest advice to suffering women is to put aside all other medicines and to take Lydia E. Pinkham's Vegetable Compound."—Miss NELLIE HOLMES, 540 No. Division St., Buffalo, N.Y.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.
